VOICE OF NATURE

# ONIRONAUGHT Art of Lucid Dreaming

**Onironaught: Art of Lucid Dreaming** is a multimedia event involving projected hieroglyphic holography, in precision geometric symbology & cymatic motion imagery. Surreal dreamscapes are accentuated with exotic-rare instruments of world fusion music, & the 'edutainment' of new paradigm interdisciplinary poetics, culminating in a philosophical Q & A with DreamingBear Baraka Kanaan, Nature's Poet Laureate from Maui, Hawaii.
