## Lovevolution Playshops

LOVEEVOLUTION: AWAKENING INSPIRATION THROUGH PLAY

DreamingBear is an award-winning author of eight books, & spoken word alchemist whose transformational poetics have as inspired audiences at venues around the globe including Agape International Spiritual Center, Bodhi Tree Bookstore, numerous music and arts festivals including Harmony, & Raw Spirit, spiritual centers of all faiths, yoga studios, and private home-based gatherings. DreamingBear is frequently described as "modern day Rumi or Hafiz" and his love spells promise to bring back a sense of playful mischief, passionate fulfillment, and romantic appreciation for life.

DreamingBear's Lovevolution Playshop focuses on transforming our pain into beauty so that we can discover our greatest potential and truly become the inspiration we seek. DreamingBear incorporates invoked messages from nature, movement, indigenous wisdom, universal spiritual truths, art, and hands- on heart opening practices to allow participants to:

- Re-articulate a new language that transforms the mundane into the magnificent with the foundation of communication as an opportunity for creating expanded thought-forms for the new paradigms. Our words are actually spells and are our one of our most powerful tools for manifesting our dreams.
- Awaken our latent potential. What you are really made of? Through merging the latest scientific discoveries with universal spiritual truths you begin to uncover the vast amount of untapped potential laying dormant inside your energetic matrix.
- Evoke an earth centered awareness through the exploration of nature as a source of wisdom and internal technology that allows us to live in harmony with the natural world and harness its tremendous wisdom.
- Be inspired, & cultivate new creative channels for expressing an energetic romance (a love affair with life) and shift into a state of heart centered consciousness.

Examples of playshop activities include quantum conscious spoken word, chaos magic & lucid dream exercises, nature walks & messages, ecstatic play rituals, dance and movement exercises, vocalization & singing, tools for

dream manifestation, and powerful visualization techniques.

"After our four days with DreamingBear in the Holy Land, my husband and I have never felt so in love with each other and with life! We experienced a richer connection to the Earth, starlight spoken word by the fire, dreamtime music and movement, and the inspiration we've been calling in! We've recommend DreamingBear's playshops to all our friends, because he bridges ancient wisdom with new understandings through a language of the heart. He helped us see the world with new eyes and our lives will never be the same again, thank you DreamingBear!" ~ Liron & Nili, Tel Aviv

"DreamingBear is an ecstatic orator of impassioned love spells, he inspires transformation of darkness into light with luminous word tapestries and literally turns tears into laughter through the humble and playful exuberance of his verse!" ~Jane Heaven, Host, Sunday Night Live, 94.1 FM, KPFA, San Francisco, CA
